Statement of intent

At The Dales School we understand the need to continually deliver high quality personalised education, including during periods of remote working – whether for an individual pupil or many. We recognise the importance of maintaining high expectations in all areas of school life and ensuring that all pupils have access to the appropriate individualised and holistic learning resources and packages and support they need to be safe, healthy & well and to develop and succeed.

This information is intended to provide clarity and transparency to pupils and parents / carers about what to expect from remote education if national and/or local restrictions require entire cohorts (or bubbles) to remain at home.

This policy aims to:

- Minimise the disruption to pupils' education and the delivery of the curriculum.
- Ensure provision is in place so that all pupils have access to appropriate and personalised high quality learning resources.
- Protect pupils from the risks associated with using devices connected to the internet.
- Ensure staff, parents / carers, and pupil data remains secure and is not lost or misused.
- Ensure robust safeguarding measures continue to be in effect during the period of remote learning.
- Ensure all pupils have the provision they need where possible to complete their learning to the best of their ability, and to remain happy, healthy, and supported during periods of remote learning.
